TESTIMONIALS. Scientific men and others who have there ughly tested the mer-its of the Vesper Gas or Air Light, pronounce it the best and despest light now known. Numberless testimoulais are being received daily from all quasters, worthing for the excellence of this light, a few of which are given below.

KENTUCKY TESTIMONIALS. From His Excellency, Gov. C. S. Morehead and Thos. S. Page Eng., State Auditor. To Wm. H. SETTER, Rep. LOCHSVILER, No.—Dear Sir. We have been and are using your "Vesper Gas," and are perfectly assigned with its utility. It gives a soft, strilliant and beautiful light, and is perfectly soure from explosion. It is very cheap and economical in its use, and of far less cost than any other light. We are unifefied that it will soon be adopted by all persons who have not the opportunity of obtaining gas, and also to whom gas is necessible and with whom clearness in the original outlay

Louwville, Kr., September 5, 1859,
To W H Settle-Dear Sir: After having made a thorough
examination of the "Vener Gas," in relation to its illumina
ting power, chemical composition, etc., I do not heritate to re
commend it as being safer and more economical as well as posmenting greater intensity of illumination than any other material
now in mes.

In the laboratory it is superior to the alcoholuses a means of obtaining heat, and will be found of invaluable service to the druggist as well as to the manufacturing chemist.

Charles M Whisher, M D.,
Prof of Chemistry in the Kentucky School of Medicine.

From Rev. Stunrt Robinson. W II Severim Esc.—It gives me great pleasure to state that after a trial of one of the "Vesper Gas Lampas," in my study for six weeks past, and after elesering closely for the same length of time, the experiment of lighting our "Union Tent," with these lamps, I have entire confidence in their efficiency. It seems to me they alond all the advantages of the best gas lights to those, who live out of the citiestand large towns.

The process of preparing and lighting the hamp is so readily learned, the fixtures are so simple and so little liable to get out of order, the cost of the light comparatively so little, and the whole so free from all danger, that it need only mere acquain tance on the part of the uptile with the Vesper Gas Lamp to bring them into general use throughout the country.

Yours truly,

Stream Remission.

HOME TESTIMONIALS. From the Rev P S Fall, Nushville.

COL T. H. TAYLOR-Dear Sir: I have used, for some time Cot. T. H. TATLOR—Dear Sir: I have used, for some time of the Vesper Lamma, and tog leave to express my obligations to you for having introduced it to my notice. To persons living in the country, or in puris of a city where gas cannot be had, or who may desire a light much more economical than gas—and at the same time fully equal to it in illuminating power—this apparatus will prove a desileratum.

I regard this as the most beautiful and most useful invention for precuring, at a small cost, the advantages of gas light that I have ever seen; at the same time that it is perfectly safe—and the lamps are simple in construction and managed with ease.

Very iruly yours,

P. S. Falls.

From Mr Alexander Fall, Nashville. No. THOMAS II TAYLON — Dear Sir: I have been using the Ves per Gas Lamp, sold by you, since September last, and I am per-fectly mitsfied that it is one of the most consumant, if not, THE most concentral, as well as brilliant lights that can be had. It is easily managed, and I, unheritatingly, recommend it to all out of the result of way. ALEXANDER FALL.

From Seabury & Co., Gas Pitters Nashville
The Vesper One makes a brilliant and beautiful light, that is then and portable and perfectly safe. The construction of the Vesper diss Burner and retort, is so perfectly simple, that it cannot get out of order, now can it explode.
The management of the burner is easily understood, and requires but little more attention to keep clean and in good order than ordinary gas fixtures. The light produced by the Vesper Gas we consider fully equal, in every respect, to any other kind of Gas light.

John M. Seasury,
T. J. Seasury,
H. S. Prann.

From N. D. Gross, Nashville.

Namevalar, Tenn., Dec. 17, 1859.

Messus, T. B., Taxlor & Co.;—I have dad in use for about six months past, one of your Vesper Gas Lights, and if gives me great pleasure to state, that I regard it as far superior to any other portable light that I have met with.

Its simplicity of arrangement, freedom from danger of explosions deadliness, and shadness, and purity of light, are qualified that must recommend it to any one who will try it. If gives a light which is me seems be could in brilliancy to the ordinary to These are only very few of the testimonials we have. Call and examine for yourself, at No. 47 Colonade Buildings, Cherry treet, Nashville, Tenn. THOMAS H. TAYLOR & CO. Il ... Merchants from the the country are expressly invited to cut a call, as we wish to establish agencies throughout the

L. M. COLE, General Ticket Agent.

[Feb3] Ladies' and Gentlemen's elegant traveling Trunks;

OURFLAG foist, heat! our flag to heaven's breeze, et every fold float high, eath the western sky Ho war, heteroy samp goords.
Borne by the patrict's hand,
Proclaim its beauty and its worth,
O'er moor and hill and strand.
In peace guard well the sacred boon.
Bequeathed by patrict's blood,
For oh! 'was won in freedom's cause,
Amid the hallfer fixed. Amid the taitles flood. Hoist, hoist, our flag to heaven's breeze, Let every fold float high, Senesth the western sky. Ioist, holst, our flag in Art's great reign. of every star float higher. with the nation's en ove the tallest spire. Above our own Art Gallery,
Our country's standard wave,
And underneath its folds preside,
The beautiful—the brave—
The child—the parent—patriot—eir*
The warrior without strife,
Restabere, is sweeting portraiture
with every charm but life.
Then raise our sancer to the sky !
Let every starbean news,
That types at the Art Gallery,
Are made by C. O. HUGHES,
